

ALE KOLAJO ISRAEL

Front-End Web Developer

Ado-Ekiti, Nigeria | +234 806 015 1823 | alekolajo@gmail.com
github.com/MKOale | linkedin.com/in/kolajo-ale-353630127

CAREER OBJECTIVE

A motivated and detail-oriented Front-End Web Developer with a strong foundation in Computer Engineering and hands-on training from the ALX Front-End Web Development Program. Passionate about building responsive, user-centred web applications using modern technologies, with a focus on clean code, performance, and intuitive user experience. I bring strong technical skills and a problem-solving mindset to forward-thinking teams, with a commitment to continuous growth and delivering real-world impact.

EDUCATION

B.Eng — Computer Engineering

February 2026

Ekiti State University, Ado-Ekiti

O' Level Secondary School Certificate (WAEC)

June 2015

St. Gabriel Catholic Secondary School

TECHNICAL SKILLS

Languages: HTML5, CSS3, JavaScript (ES6+)

Frameworks & Libraries: React, TailwindCSS, Bootstrap

Tools: Git, GitHub, VS Code, Chrome DevTools, Netlify

Concepts: Responsive Design, UI/UX Fundamentals, API Integration, CRUD Operations

PROJECT EXPERIENCE

Movie Database Application — github.com/MKOale/movie-database-app

- Developed a responsive movie search platform using third-party APIs
- Implemented dynamic content rendering and user-friendly search functionality
- Built with vanilla JavaScript, HTML5, and CSS3 with a focus on performance

Interactive Quiz Platform — github.com/MKOale/ALX_Simple_Quiz

- Built a quiz application with scoring logic and real-time feedback
- Focused on usability and clean UI design with smooth DOM interactions

To-Do List Application — github.com/MKOale/dynamic-to-do-list-js

- Created a task management application with local storage functionality
- Implemented full CRUD operations and persistent data handling

All projects available at: github.com/MKOale

WORK EXPERIENCE

Student Industrial Trainee

May 2023 – October 2023

Bureau of Information & Technology, Ekiti State

- Assisted in computer system setup, configuration, and troubleshooting
- Gained hands-on experience with hardware maintenance and peripheral devices
